

# Re-Enable Outlook Add-Ins

If you are missing an add-in you usually have, follow the below steps to re-enable it.

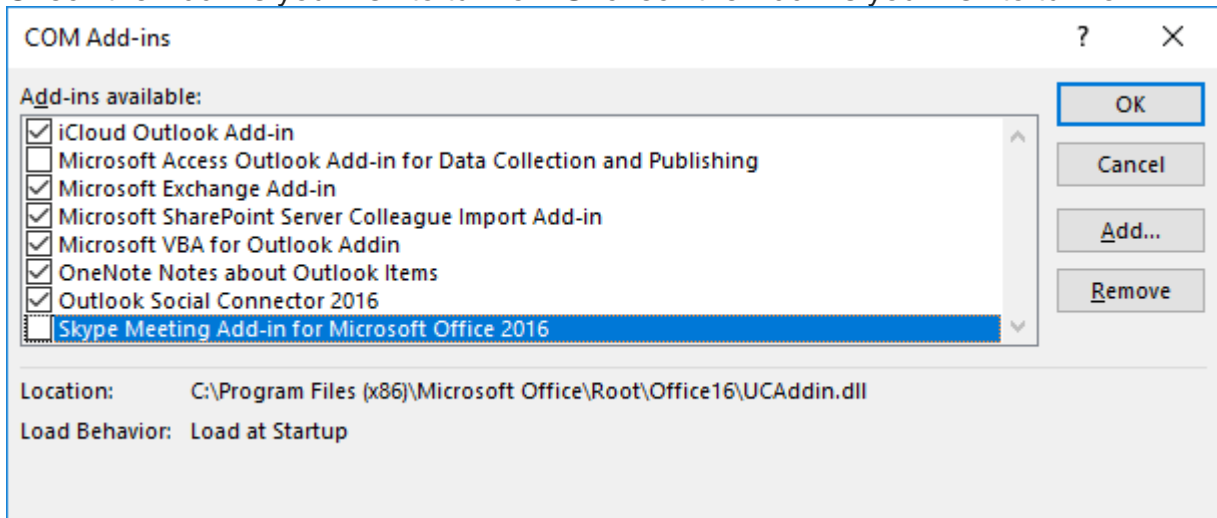

1. Open the Microsoft Outlook client.
2. Select **File** > **Options**.

3. Choose “**Add-ins**” on the left pane.
4. At the bottom of the window, ensure the “**Manage**” drop-down has “**COM Add-ins**” selected, then select the “**Go...**” button.

5. Check the Add-ins you wish to turn on. Uncheck the Add-ins you wish to turn off.

6. Select “**OK**” when you’re done.
