SEQUENCE OF MILITARY HONORS AT A STATE VETERANS CEMETERY

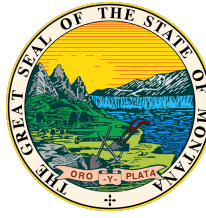

- Quick **opening prayer**, 5 minutes max. (*optional*)
- **Firing Party**, optional for veterans but required for retirees and active duty
- **Taps**, (**required**)
- **Flag Fold**, (**required**) no reading of the meaning of each fold (unless family wants this), takes time away from families who are there to honor their loved one(s).

- *Military honors takes roughly 8-10 min.* -

- **Family's discretion** (i.e. Chaplain, Minister, Priest, or family/friends can say something)
- In vehicles and **departing cemetery**. Families are allotted 30 minutes (including the time allotted for military honors) for their service to ensure that cemetery staff have enough time to perform their interment duties prior to the start of the next service. 30 minutes is the standard in all veterans' cemeteries in the U.S.

Reminder our facilities are for military honors not funerals services.

Any deviations must be coordinated and approved in advance with the Cemetery Manager!

Have you ever been in a cemetery and saw coins laying on a headstone?

A coin left on a headstone lets the deceased veteran's family know that somebody stopped by to pay their respect.

A penny means you visited.

A nickel means you and the deceased veteran trained at boot camp together.

A dime means you and the deceased veteran served together in some capacity.

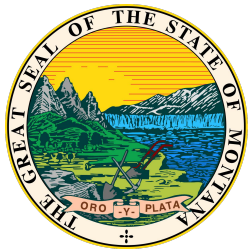

A quarter is very significant because it means that you were there when that veteran died.

The tradition of leaving coins on the headstones of military men and women can be traced to as far back as the Roman Empire. Soldiers would insert a coin into the mouth of a fallen soldier to ensure they could cross the "River Styx" into the afterlife. In the US, this practice became common during the Vietnam war, due to the political divide in the country over the war, leaving a coin was seen as a more practical way to communicate that you had visited the grave than contacting the soldier's family, which could devolve into an uncomfortable argument over politics relating to the war.

What happens to the coins? It is collected from the gravesites monthly and the money is used for cemetery maintenance, the cost of burial for soldiers, or the care for indigent soldiers.
